

ABOUT EAS

EAS was established more than 20 years ago as a centre of expertise in European food, nutrition and health policy.

Today, with regulatory and public affairs expertise spanning Latin America, Africa, Asia, Europe, the Middle East and Russia and the Commonwealth of Independent States (CIS), we are the leading experts in navigating the challenges and opportunities associated with:

- regional or global harmonization/integration frameworks,
- revision of existing regulation,
- and the development of emerging legislation and policies.

We have worked with regulators in over 70 countries as well as regional and international bodies, including:

MERCOSUR (Mercado Común del Sur)
Pan American Health Organization (PAHO)
Parlamento Latinoamericano
SIECA (Secretariat for the Central American Economic Integration)
Asia-Pacific Economic Cooperation (APEC)
Association of Southeast Asian Nations (ASEAN)
Codex Alimentarius
Economic Community for Central Africa States (ECCAS/SEMAG)
European Commission and European Parliament
Food and Agriculture Organization (FAO)
Gulf Standardization Organization (GSO)
World Health Organization (WHO)

With our knowledge of regulatory frameworks and areas of harmonisation relating to trade, food law, food safety, security and sustainability, and health and nutrition, we offer regulatory solutions for clients across the food, nutrition and health sectors, and related areas.

OUR TEAM

EAS experts collaborate across functions and geographical locations to ensure that clients benefit from a global perspective.

Our market access team is comprised of in-house experts who help clients navigate the legal, scientific and technical challenges of regulatory systems, regulatory compliance and trade policy.

Our public affairs team brings a wealth of experience to the management of the

Regulatory professionals
Food scientists
Political risk analysts
Public and government affairs experts
Nutritionists
Legal professionals
Crisis management specialists
Biotechnologists
Trade policy experts

most difficult regulatory and policy issues. The team combines global best practices with local and regional expertise to ensure clients achieve sustainable objectives.

Our team on regulatory harmonisation and regional integration is made up of experts with decades of experience in the impact of regulatory harmonisation and the introduction of new regulatory systems relating to trade, food law, food safety, security and sustainability, and health and nutrition. We help clients achieve sustainable legislative and regulatory results in line with international best practices and tailored to regional and national needs.
