

MARKET ACCESS

We know that cross-border and regional trade agreements provide opportunities relating to non-tariff barriers and customs cooperation.

Therefore we ensure that our clients have the information and advice they need to effectively developing their business strategy across the region.

EAS experts monitor the regional and global regulatory arena to provide timely updates and analysis on:

Existing and emerging regulatory and trade opportunities

Threats to market access

Strategies for tapping into sector-specific and regional Free Trade Agreements

Multi-market regulatory solutions for common product formulas and labels

Market access strategies that minimise the time and effort required for regulatory compliance
